

Language games

Name of the game: Change a Letter
Target audience -
Starting from intermediate level - all ages
Number of participants
- 2 to as much as one likes
Required materials-
Any board to write/draw on, markers
Rules
<ul style="list-style-type: none"> - Learners are divided into groups ;two or more if necessary. -The leader illustrates a common word - Participants are asked to change one letter of each word to produce the name of an animal (or anything else) - The fastest group that comes with the correct answer gets a point.
Description of the game
<p>This is an easy yet fun game that doesn't require much. Once the group is split in two (or more depending on how big the group is) the leader illustrates a common word in English and gives the group some time to come up with the correct answer/s. If the leader is working with a dream group that is creative and eager to contribute , participants can take turn illustrating too, once they get grasp of the game.</p>
<p>Example: AX - OX</p>
